

## ABCD MCMANUS MINISTRY UPDATE

MAY 2007

### 5,000 MILES AND COUNTING

Summer is coming and we're well on our way with our 4 month home assignment having covered 5,000 miles in this first month. This is nearly half the miles we expect to drive during this trip. Thanks to God for keeping us safe on the roadways in spite of a number of dangerous situations, including a car that spun across the lane right in front of us and hit a light pole just off the shoulder of I-95.

More important than our physical safety, we've been blessed many times over with visits with two of our supporting churches (about 10 more to go!) and many of our ministry partners, family and friends. The boys are doing well and are handling the travel well. We're really enjoying the trip and our time together. God has been so faithful to provide for our needs in every way and we're looking forward to the next three months of home assignment ministry.

**Please pray for our continued safety and times of encouragement, opportunities to rest, reflect and be strengthened in our walk with Jesus and for the monthly support we lack.**

Touching the World One Life at a Time,

*Alan for Beth, Cameron and Dayton McManus*
